

Family and Friends,

The Camp Eggers Volunteer Community Relations (VCR) program enhances the partnership with the people of Afghanistan while providing a venue for US and Coalition troops to assist others. Through this program, Camp Eggers VCR volunteers interact with local nationals at various locations in the Kabul area, including schools, orphanages, medical centers and Internally Displaced Persons camps. The Afghan people in these locations are not as fortunate as we are and could greatly benefit from your support to improve their quality of life. With winter coming, items like gloves, mittens, hats, scarves, coats, and blankets are critical. Conservative clothing for men, women, and children are also needed. Shoes, non-electronic toys, school supplies, and hygiene items are of great assistance too.

The VCR program is also involved with forwarding items to US service members located at smaller forward operating bases (FOBs) and other locations that may not have the PX facilities that most of the larger camps have. Donations of personal hygiene items, CD or DVD tapes, magazines, and other items that service members would enjoy are welcome.

If you have any of the above mentioned items that are new or gently used and would like to donate them, please mail to:

VCR
CSTC-A, Pool House
APO, AE 09356

Unfortunately we can't give religious material to the Afghan people, so please refrain from including this in your donations.

Camp Eggers VCR thanks you for your support. And so do the people of Afghanistan.
